

July 14th, 1971

Dear Mr. Woodcock:

Max Fine tells me that the Committee needs some special funds which could be used to support a Health Rally. Here is a contribution of \$10,000 favor the Committee for National Health Insurance, which I had promised to send.

I think Max's idea of the Health Rally is a good one, and I am hoping, of course, that you will be there to be the Master of Ceremonies.

Deep gratitude for all you do for the health of the people of our country and warmest wishes,

Yours,

Mr. Leonard Woodcock
